

## Unique Waterless Local Mobile Car Wash Business

A new business in Hackham West is using a unique and eco friendly waterless car cleaning service, where a customers car can be cleaned right in their garage, shed or carport, without using a drop of water! This service also cleans solar panels.

**South Australia, Aug 23, 2018 ([Issuewire.com](http://Issuewire.com)) - Unique Waterless Wash Car Clean!**

How many times have you wanted to quickly clean your car, only to have to face the chores of breaking out the buckets, filling them with water, and sometimes making more of a mess than you intended?

And what about the poor environment, with all of the harsh detergents running down the drains and sinking not only into the topsoil but deep into our water table?

These detergents eventually finding their way into the environment, and ultimately the food chain?

Washing your car is suddenly not so appealing now, is it?

This is why you need [Crystal Clear Mobile Restoration](#)

Simon is the sole owner of this local Hackham West small business, and is only too eager to come out to your home or business Monday to Saturday, or by special appointment.

"Not many people are aware this waterless wash car product even exists" said Simon. "I have very carefully sourced this product from the Chemical Guys, who are American based, but thankfully have

a franchise in Perth, so it only takes no more than 3 days for their product to be delivered. Their waterless wash product is called EcoSmart Waterless Wash & Wax, and is specifically designed to bind with and lift the dirt off of the surface of the paint, ensuring a scratch free clean. The Canuba wax leaves a spectacular glossy shine behind, which repels water and dirt, and can last for up to 2 weeks!"

Simon went on to further say, "Because my car cleaning service is 100% waterless, I can clean any vehicle, anywhere, anytime; in a customers garage, shed or carport! I also offer a very efficient headlight restoration service, cut and polish, complete interior clean and vacuum, and also a solar panel clean of any domestic and commercial property for a very reasonable cost. I have a permanent 10% discount for pensioners, so yes book now for your vehicle and solar panel cleaning!"

I don't know about you, but I'm absolutely sold on Simon's car washing service, and will be booking a car clean real soon.
