Oceanside, Dec 31, 1969 (Issuewire.com) - If you are passionate about music then **Mr. Jackson** is someone you are acquainted with. Hailing from Oceanside, United states he is a star on the rise. His song ‘**Rainfall**’ is incredibly popular among the youths. He is not someone to be mixed with other artists as he style is quite diverse from others. Even though it falls under the category of hip-hop and rap it has hits of romanticism in it. Coming from a modest background he is a self-made man. He is extremely close to his family and has a strong connection with them. It is this love that gets reflected in his songs.

His song ‘**Rainfall**’ is unique on its own. It’s unlike any hip-hop song you have heard before. Though it is mainly categorized as hip-hop its sinful melancholic melody blends it with romanticism. You can’t help but get lost to those nostalgic rainy days thinking about your loved ones. Even though it is hip-hop rather than having that upbeat feature it has a melodious rhythm to it. It is a kind of song that makes you want to hit repeat time and again. The song starts with slow piano music incorporated with punctual beats. The slow rhythmic melody goes throughout and the lyrical rap takes the turn in two verses. The lyric is so intellectual and thoughtful that it would relate to anyone and everyone.
