

Transforming School Admissions Process

Intelliadmissions

Mumbai, Sep 3, 2018 ([IssueWire.com](http://www.issuewire.com)) - Intellinects Ventures an education software company provides a common admissions platform enabling parents to log in to one portal and apply to multiple schools of their choice. <https://www.intelliadmissions.org>

It caters to all grades from Nursery to Standard IX and its automated dashboard and online services make it very easy for schools to process applications. 2018 saw the participation of over 80+ schools with over 45,000 applications on the platform. Schools participated from Mumbai, Goa, Baroda, Pune, Kolhapur and across other major cities.

Ronald D'souza, Director said "Intelliadmissions is a world-class common admissions platform incorporating the best of global practices catered to customized needs. Parents require only a mobile number to register and help screens are provided in English, Hindi and Marathi languages. Schools can also track the progress of applications via a mobile app"

Why an online admissions platform?

- Online admissions is the future
- Enables parents to apply to multiple schools
- Provides single data entry validated by parents
- Reduces administrative paper workload by a substantial amount
- Common Admission platform means that school signup is easy
- Faster processing and response time
