

Ravishing Music Diva Yanna Maria Steals Hearts with 'When We Dance'

Get hooked into the melodious Rhythm & Blues and Soul music 'When We Dance' by Yanna Maria. She is one of the most trending artists in the contemporary music zone.

Baltimore, Oct 9, 2018 (Issuewire.com) - In the contemporary arena R&B and hip hop music, both male and female artists are attaining equal credibility while the female stars grab more extra attention for their overall presentation. One of the very trending names **Yanna Maria**, a [female singer from Baltimore](#) is one such female artist who is making fans fall for her for both her charming personality and mastery on the R&B and hip hop genre. Her in-depth knowledge in the genre, her innovative styles to blend R&B with hip hop and many more qualities doesn't give a clue that she is only at her early 20s.

Based on Maryland, United States, **Yanna** is effortlessly making her way into the glitzy music zone. Each of her singles available on SoundCloud showcases her versatility. **Yanna** is also expanding her professional circle by working with other artists. In one of her new single '**When We Dance**' she has teamed up Montage that is now streaming on SoundCloud.

Yanna Maria is signed with Austin Music Group and is a melting pot of talent. Be it her sassy dancing moves, seductive voice texture, lyrical mastery or piano playing skills, **Yanna** truly deserves to be talked about. She has already won listeners' hearts with the singles like 'Candy Crush', 'Kindly Like It', 'Always on Time' and others. The USP of this breathtaking personality is her magnificent voice

quality that is not only suitable for singing R&B and hip hop, but any other genres. She can truly be regarded as the contemporary music icon.

In the single '**When We Dance**', both the artists have poured their soul to deliver the outstanding soundscape. Every element of this single right from the lyrics to the music creates a cosy ambience, something that evokes deep feelings. Fans can connect with her on [Twitter](#), [Facebook](#), [Youtube](#) and [Instagram](#).
