

## The Uninc's Indie Folk 'South Of The Border' Offers an Excellent Rhythm-Verse Fusion

Are you a music lover and looking for some good and classy songs? Then you must listen to Will McLelland's song 'South Of The Border' from the project 'The Uninc'.

**Vancouver, Dec 31, 1969** ([Issuewire.com](http://Issuewire.com)) - Indie music is most commonly referred to that genre of music which is highly influenced by electronic, folk and rock music. The instruments in this genre are simple but well textured which usually includes simple but original riff. Will McLelland's psychedelic music project **The Uninc** is creating a buzz in the music world. He is called Qualicum Beach on an island off the west coast of BC, in Canada. His music theme brings out the feelings of his personal life and the hurdles that he faces in his life. The song '**South Of The Border**' pours through its own sense of style and it also has an endless level of passion and wonderful lyricism.

The melody in McLelland's song '[South Of The Border](#)' from the project **The Uninc's** has certain familiarity which brings a touch of nostalgia and the storyline in the song offers new characters and background which gives a new satisfying combination. The final section in the song provides a warm and impressive tune which makes the listeners lose them. The delicate and heartfelt music and the lyrics in the song are wonderful which is spiced up with his stunning performance makes the song more attractive. The music in the song is multi-layered and expressive which creates a calming effect on the listeners.

The music in Will McLelland's song '**South Of The Border**' feels soulful and again a mellow groove

contrasts with the intense wanderings of the lyricist's mind. The song is loaded with emotions and the track is amazingly sung. The hook in the song blossoms into something powerful and is an unforgettable one. The rhythm of the song grows more and more appealing. The moment in the song is quite addictive and really interesting to witness. The music in the song has a striking natural feel which allows the natural enthusiasm to echo in a candid means. If you love his music then you must follow him on [Twitter](#), [Instagram](#), [Facebook](#), and [Soundcloud](#).
