

## Versatile Hip Hop Artist Armando J Acevedo Releases a Brand New Single 'I got the Glo'

Armando J Acevedo has come up with a sizzling new single 'I got the Glo ( prod. by Jac Luthy)'. His track is already trending and making the fans flock to his gala.

**Miami, Dec 31, 1969 ([Issuewire.com](http://Issuewire.com))** - Forthcoming artist **Armando J Acevedo** makes a grand debut in the music industry through his latest track '**I got the Glo (prod. by Jac Luthy)**'. This extremely talented artist from FL, United States strives to produce mind-blowing fusion music tracks. He mainly prefers to work with hip hop and rap music. He is determined to leave a mark in the music

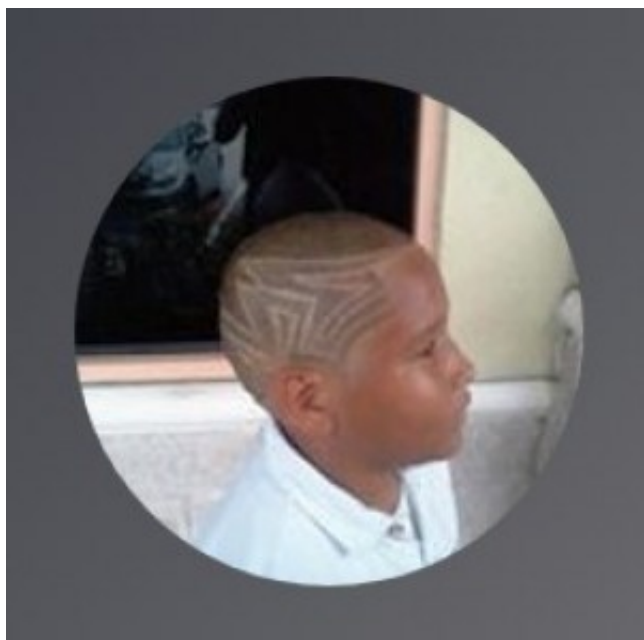

industry. If you are interested in exotic varieties of hip hop and rap music, then this artist will not disappoint you.

The track '[I got the Glo](#)' pushes that classic hip hop and rap vibe even further and the leading vocal performance adds a certain depth and contrast that captivated the audience in a whole new way. There is simplicity to the music and the descending riff in the backdrop and it makes the track more memorable. The artist **Armando J Acevedo's** works hit with an instant level of depth and it draws your focus straight to the lyrics. He utilizes story-telling more intently, driving the whole thing with personal reflection and innate thoughts. The story-line displays more of an observational and detail-packed aura. Towards the end of the track, the artist adds a definite amount of strength, presenting a unique yet gratifying soundscape and a quickly familiar melody.

The elements of rap along with the fast-paced beats give the whole thing an uncommon wave of originality. The lyrics are kept to a minimum, only highlighting the significant lines and the underlying thoughts, ideas and sentiments are all kept intact. Things come to a close with the dark and ambient mood and the haunting soundscape fuses delicacy and intensity with intense details. The hook section comes off as very interesting and compelling and holds your attention throughout the whole track. For his latest releases, follow him on [SoundCloud](#).
