

## Aspiring Chicago Based Artist Muted Mike's Tracks Progresses in a Unique Way

Are you searching for some good music? Then, you must listen to Muted Mike's tracks. The rhythm and the beats in his tracks are unique and wonderfully presented.

**Chicago, Dec 31, 1969 ([IssueWire.com](http://www.IssueWire.com))** - **Muted Mike** has been an independent producer and song writer for about 8 years from now. He works nearly every day to make sure that the music is formed the way he wanted to make it. He has always been in love with the music and he will never stop learning music to improve his music. His songs mainly belong from hip-hop and R&B genre. He

gained inspiration from Kid Cudi, Kanye West, Chance the rapper and many others. The main ingredient of his music is melody and concepts. He states that music has great power and hope which brings positivity in the life of the listeners.

Newbie artist **Muted Mike** started making music since sophomore year of high school. The overall concept of the tracks is easy to follow and there is a good balance between the individual truth as well as widespread reality. The ambiance is completely unusual in the track which is bringing together a thick and heavy beat. The creative musicality in **Muted Mike's** track continues to pave its own way, thus the vibes remain consistent and easy to get it through. If you want to listen to his songs you need to visit Soundcloud.

The lyrics in **Muted Mike's** tracks grow stronger as the track progresses and connect with the audience more deeply with each new listen. The production is crisp and colorful and gives a new look to his music. There are multiple layers of brightness and color which brings something that is smooth and energizing to the room. Some of his famous tracks are 'Never Was', 'Hey Paw Paw Ft Karli', 'Funeral', 'Body', '[Self Conscious](#)', and many others. The vocal part in the track raises together everything in a stylish and smart way. Get more updates about his upcoming music simply by following him on [Facebook](#) and [Instagram](#).
