

Janet M. Neigel, MD, FACS, Oculofacial Plastic Surgeon with Neigel Center

Get to know Oculofacial Plastic Surgeon Dr. Janet M. Neigel, who serves the population of New Jersey.

New York, Feb 19, 2019 ([IssueWire.com](http://www.IssueWire.com)) - Dr. Neigel completed her undergraduate degree from Douglass College, Rutgers University where she graduated with honors in biology. Furthering her education she then graduated with her Medical Degree from the UMDNJ-New Jersey Medical School in 1981, giving her over three decades of experience in her field. After obtaining her Medical Degree she completed her ophthalmology specialty residency with the UMDNJ-New Jersey Medical School. Wanting to further her training she then completed her orbital and plastic surgery fellowship at the University of British Columbia, Vancouver, Canada.

Dr. Neigel is certified by the American Board of Ophthalmology. To stay up to date in her field, she remains a professional member of the American College of Surgeons, American Academy of Cosmetic Surgery, American Society of Ophthalmic Plastic and Reconstructive Surgery, American Medical Association, Medical Society of New Jersey, Society of Ophthalmic Inventors, International Society of Cosmetic Laser Surgeons, American Society for Laser Medicine and Surgery, and the World Society of AntiAging Medicine.

Dr. Neigel currently practices as an Oculofacial Plastic Surgeon with Neigel Center and is a clinical associate professor of Ophthalmology at Rutgers-New Jersey Medical. She is also affiliated with Jersey City Medical Center and Saint Barnabas Medical Center. She holds expertise in Skin Care, Botox, and Fillers, Ocular Facial Plastic Surgery.

Oculofacial plastics is a specialized form of surgery that focuses on aesthetic and reconstructive aspects of the face, eyelids, the brow, orbital bones, tear duct system, and nose. Oculofacial plastic surgeons perform eyelid procedures such as repair of droopy eyelids, repair of orbital and facial bone fractures, repair of blocked tear ducts, removal of tumors around the eye and on the face, and rejuvenation procedures such as eyelid lifts, brow lifts, facelifts, liposuction, eyelash transplants, nasal reshaping, and laser resurfacing. They also perform minimally invasive procedures such as Botox® and fillers (Restylane, Juvederm, Perlane, Radiesse, Sculptra, Eleveess, Evolence).
