South St. Louis Medical Associates, is a St. Louis-based, internal medicine practice, where they recognize that quality healthcare is a two-way street. The patient and physician are both responsible for the teamwork and communication to provide continual well being. That's why they have created a practice that encourages proactive healthcare management — by putting patients first.

Internal Medicine is the medical specialty dealing with the prevention, diagnosis, and treatment of adult diseases. Internists are skilled in the management of patients who have undifferentiated or multi-system disease processes. Internists care for ambulatory patients and may play a major role in teaching and research.

When Dr. Vyas isn't seeing patients, he enjoys writing poetry, reading novels, playing golf and spending time with friends and family.
