

Neurosurgeon Muhammed Memon, MD Provides Services for the Greater Port Charlotte, Florida Area

Get to know Neurosurgeon Dr. Muhammed Memon, who serves the Port Charlotte, Florida area at her private practice and several area hospitals.

New York, Feb 27, 2019 (IssueWire.com) - In addition to his private practice, Dr Memon is affiliated with several areas in the Port Charlotte, Florida area, including Bayfront Health Punta Gorda and Bayfront Health Port Charlotte. Dr Memon has over twenty years of experience in the field and practices neurosurgery for a wide range of patients.

Dr Memon earned his medical degree from the Liaquat Medical College Sind. He then continued his medical studies with an internship at the New York Hospital Medical Center of Queens and residencies in neurosurgery at the Interfaith Medical Center and the Community General Hospital Great Syracuse. Dr Memon has been board certified by the American Board of Neurological Surgery.

The primary purposes of The American Board of Neurological Surgery (ABNS) are to conduct examinations of candidates who voluntarily seek certification and to issue certificates to those who meet the requirements of the board and satisfactorily complete its examinations. Certification by the ABNS is based on review and evaluation of an applicant's education, training and practice qualifications as well as successful completion of written and oral examinations.

Dr Memon has become a fellow of the American Association of Neurological Surgeons and maintains a professional membership in the Congress of Neurological Surgeons, both of which allow him to stay current in his field. Throughout his esteemed career, Dr Memon has earned many awards and accolades for his expert knowledge and medical practice.

As a Neurological Surgeon, Dr Memon prevents diagnoses, evaluates and treats disorders of the autonomic, peripheral, and central nervous systems. Neurological Surgeons are trained to treat such disorders as spinal canal stenosis, herniated discs, tumours, fractures, and spinal deformities, among many others.

Dr Memon gives his patients the best possible care throughout his medical practice. He has given back to the community through his research, which he has published in medical journals, including the Journal of Neurosurgery and the American Journal of Clinical Pathology. With his experience, he provides patients with the healthy lives they seek.
