Graduated from Ain Shams University, Faculty Of Medicine in Cairo, Egypt in 1968. After obtaining her Medical degree she relocated in the United States Of America. Dr. Wafaa Foad completed her residency in Anatomic and Clinical Pathology for five years at University Hospital, Cincinnati, Oh. Then Dr. Foad completed three years of Internal Medicine residency at Good Samaritan Hospital in Cincinnati, Oh. After completing her training she

started her private practice from 1981, where she currently practices.

Dr. Foad's patients have great experiences with her as their physician, one stating, "The best primary care physician I have ever had. She's not only concerned about my health but my overall well-being & she treats my kids as if they were her grandkids. She is a great human being & humanitarian. She does not rush me out of her office & calls to check on me. She's made me take my health & well-being seriously." Another stating "I can't say enough about how Dr. Foad has helped me. She spends a tremendous amount of time with me, her care and concern are apparent. I happily take an active role in my personal health now because I don't want to disappoint her, in the same way, I wouldn't want to disappoint my grandmother. She has changed my life so much for the better!"

While she practices within her private practice she also remains affiliated with the Bethesda North Hospital and The Jewish Hospital-Mercy Health, both in Cincinnati, Ohio. The Bethesda North Hospital is an award-winning hospital, from their heart care to maternity services and senior-focused ER rooms. They are Cincinnati's leader in acute heart attack care.
