

## **Bettina Anne-Margaret Gaycken, MD, Radiologist with Women's Diagnostic Group LLC/Baptist Women's**

Get to know Radiologist Dr. Bettina Anne-Margaret Gaycken, who serves patients in Memphis, Tennessee.

New York City, Mar 11, 2019 ([Issuewire.com](http://www.Issuewire.com)) - Dr. Graycken is an extensively trained radiologist with

special expertise in breast imaging. She serves patients at the Baptist Women's Health Center in Memphis, Tennessee. The Baptist Women's Health Center is full-service mammography and osteoporosis testing center dedicated to women's health and covers everything from screening mammograms to diagnostic mammograms, as well as lymphedema treatment, education on breast health, and a breast cancer support group. It has been placed in the top 5% in the nation for clinical excellence.

Dr. Gaycken is a 2004 graduate of the University of Tennessee Health Science Center - College of Medicine in Memphis, Tennessee. She then went on to complete her internship with the Methodist University Hospital in Memphis, Tennessee, followed by her four-year radiology residency with Baptist Memorial Hospital - Memphis in Tennessee. Furthermore, Dr. Gaycken underwent fellowship training in breast imaging at Brigham and Women's Hospital in Boston, Massachusetts.

Dr. Gaycken is board-certified in Diagnostic Radiology by the American Board of Radiology (ABR). The ABR is an independent, not-for-profit organization and is one of 24 national medical specialty boards that make up the American Board of Medical Specialties (ABMS). Their mission is to certify that their diplomates demonstrate the requisite knowledge, skill, and understanding of their disciplines to the benefit of patients.

Radiology is a medical specialty that uses medical imaging to diagnose and treat diseases within the body. Featuring 5 years of experience in her field, Dr. Gaycken specializes in diagnosing and treating injuries and diseases using medical imaging techniques such as X-Rays, MRIs, and CT scans. She is particularly proficient in all facets of breast imaging.

Dr. Gaycken is fluent in both German and English. In addition to caring for patients, she conducts lectures and public speaking engagements in her local community.

Dr. Gaycken attributes her success to her extensive training and great attention to detail.
