

Cadabam's Group inaugurates exclusive state-of-the-art Dementia care unit

Bengaluru, Mar 9, 2019 (IssueWire.com) - On 7th March 2019, [Cadabam's](#) Group inaugurated its exclusive State-of-the-Art Dementia Care Unit (Nursing and Medical Complex) in Bangalore. The unit is a dedicating renovated and refurbished residential Block in AMITHA campus naming 'Aswathanarayana Block' near Gulakamale Village, Near Kaggalipura, Kanakapura, Bangalore.

The inauguration ceremony was graced by Sri T A Sharavana MLS, President, Karnataka Arya Vysya Mahamandal as the chief guest presided by Sri Cadabam M Ramesh, Chairman, Cadabam's Group.

"The clarity in the vision to serve the needing people is the mantra of [Cadabam's](#). The same drive force is the reason behind their success for more than two decades. The step they have taken is an act of courage and determination. In order to build a healthy society, we all should join hands and work together in the future.", said Sri T A Sharavana MLS, President, Karnataka Arya Vysya Mahamandal

The event was much applauding and acknowledging. The unit will see new improvements in intensive hands-on care for dementia and explore short- and/ or long-term care options for their loved ones for Dementia. The event is also strongly emphasized the need to understand dementia and spread a

message of hope.

This dementia care unit offers a specific need for people with dementia. The unit also emphasizes on higher levels of skilled care, supervision and needs, which would be an ideal option for people with Dementia. The specialized unit would offer supervised care along with 24/ 7 assistance and support.

Cadabam's is the largest psychosocial rehabilitation center across the whole of Asia. The center has been serving over 26 years of outstanding service and performance in the field of mental health care since they have started their journey in the year 1992. Started with the vision of giving access to quality mental health care to the people in a need and crisis, the organization remarkably stands out as one of the best psychosocial rehabilitation centers across the country today. The center now spans in various aspects of mental health care services to all the age groups of people working in various verticals. The group has collaboratively has undertaken various programs and initiatives to reach out to more people and bring in the understanding and need for mental health care.

Cadabam's has also chosen various initiatives to impart quality medical education through corporate connect programs, student certificate programs. The centre looks ahead in ahead with still more patient care services and support and furthermore improve and leap forward in all the fields of mental healthcare starting from child care to elderly support.
