

Chetna Jinjuvadia, MD, Pulmonary & Clinical Care Medicine Specialist with the Division of Pulmonary

Get to know Pulmonary & Clinical Care Medicine Specialist Dr. Chetna Jinjuvadia, who serves patients in Detroit, Michigan.

New York City, Mar 21, 2019 (IssueWire.com) - Dr. Jinjuvadia is a Pulmonary & Clinical Care Medicine Specialist with the Division of Pulmonary and Critical Care. The Division of Pulmonary and Critical Care is committed to superb patient care and cutting edge research. Their mission is to provide state-of-the-art patient care of the highest quality and compassion; advance this state of the art through biomedical research; as well as teach fellows, residents, and other trainees the knowledge and skills they will need to sustain this mission into the future.

Dr. Jinjuvadia is board-certified in Internal Medicine, Critical Care Medicine, and Pulmonary Disease by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world. Certification has meant that internists have demonstrated – to their peers and to the public – that they have the clinical judgment, skills, and attitudes essential for the delivery of excellent patient care.

Dr. Jinjuvadia is affiliated with several hospitals in the Detroit area, including Karmanos Cancer Center and DMC Harper University Hospital.

Dr. Jinjuvadia received her medical degree from Baroda Medical College. She then went on to complete her residency with Wayne State University School of Medicine.

Pulmonology is a medical speciality that deals with diseases involving the respiratory tract, while critical care medicine is a branch of medicine concerned with the diagnosis and management of life-threatening conditions that may require sophisticated life support and intensive monitoring. Pulmonary & Clinical Care Medicine Specialists, like Dr. Jinjuvadia, deal with all areas of lung disease and critical illness. They use the latest technology to manage patients who need life support and mechanical ventilation. Dr. Jinjuvadia is specially trained in diseases and conditions of the chest, particularly pneumonia, asthma, tuberculosis, emphysema, and complicated chest infections.
