

## Electronic Music Pieces of the EP 'Solitude' by Charles Pearce is Spreading Refreshing Vibes

Electronic music producer Charles Pearce has created a few melodious instrumental tracks in his album 'Solitude'. These tracks deliver chilling electronic vibes.

**Peterborough, Dec 31, 1969 ([IssueWire.com](http://IssueWire.com))** - The young and vibrant electronic music producer **Charles Pearce** from the UK has come up with some magnificent music pieces blended with organic sounds and a massive electronic twist. He is indeed an exemplary artist who defines the ever-evolving electronic music scene in the United Kingdom. He is an independent artist and makes his

own music. His compositions available in the EP '**Solitude**' deliver new kind of sound that has never been heard before. If you are craving for some soul-feeding electronic and chill music, you just need to register with Spotify and get into the music gallery of **Charles Pearce**.

This versatile artist is a full-time bench joiner by profession but desires to make his way into the music industry. His commitment to the art form is proved with the singles available in his Spotify gallery. He has done everything by his own and got the tracks mastered with ChrisGrahamMastering. With his music, he wants to open new horizons in the electronic music zone and create some unique beats that are refreshing and new for the listeners.

**Charles Pearce** is deeply inspired by artists like Flume, Bonobo, Tourist and Odesza and it gets reflected in his tracks. The EP '**Solitude**' consists of four tracks amongst which '[Patterns](#)', '[Retrovision](#)' and '[Unfold](#)' has received maximum attention. All these tracks are beautifully juxtaposed with organic sounds and his innovative approach of using different unique electronic sound effects. Keep listening to these singles exclusively on Spotify and stay tuned for his upcoming new projects.
