

Famous Southern Illinois Rapper J Lazarus is Captivating the People Worldwide with his Compositions

The talented artist J Lazarus is dominating the music industry with his latest fusions of hip-hop and rap. Listen to his hit tracks available on Soundcloud now.

Carbondale, Dec 31, 1969 (Issuewire.com) - There is no one in the industry unfamiliar with the artist **J Lazarus** and his creative creations. This **southern Illinois rapper** is making quite the name for himself in the music business ever since he launched his first track '[I DONT QUIT](#)'. The artist wants to bring a positive change in the hip-hop genre by composing motivational tracks for the audience. But it is the versatile and creative aspect of the artist that brings audiences close to him. Each of his tracks is different from each other when it comes to themes and melody. The passion shown in each of them by J Lazarus is undeniably striking.

Covering over diverse subjects in his songs, **J Lazarus** eliminates the elements of monotony giving the audience something new to enjoy each time. Wanting to be a musician since a young age the artist never gave up on his dreams even during all the struggles in his life. His compositions are taken from real life experiences making them so much more relatable for the listeners and easy to connect with. Compared to his first composition, J Lazarus's second track '[Dont Say Sorry](#)' is about the troubles an individual faces in a relationship. The subject matter is personal and the lyricism suits the atmosphere of the song perfectly.

Though the artist **J Lazarus** takes his influences from hip-hop and rap subtle elements of other

genres can be found in his tracks as well. Both his composition has a melodic background with intense beats through the soundscape of each is different from one another. J Lazarus has been one of those few artists gaining fame in such a short time through their compositions. His musical skills seem to be evolving and his creativity can be compared to renowned artists in the industry. You can follow him through [Instagram](#).
