

Feed your Souls with Maddie Wilson's New Cover Track 'Needy' on Spotify

The ravishing Nashville based pop artist Maddie Wilson is the trending Spotify sensation. Her recent cover track 'Needy' highlights her melodious voice texture.

Nashville, Mar 7, 2019 (Issuewire.com) - No matter your soul is craving for some romantic music pieces or zesty pop singles, charming and fiercely talented singer-songwriter **Maddie Wilson** will fulfill your musical desires. The Nashville- based artist has already become the favorite of listeners who love country-crossover styles. What makes her different from other artists is her innovative approach to blend pop, soul and alternative rock which she does sensibly, pouring her soul into each music piece. Recently she has recreated Ariana Grande's single '**Needy**' by adding some personalized flavors. Listen to this single now available for streaming in Spotify.

There are many essential elements in **Maddie's** compositions that make her stand out yet the country flair in her pop tracks is what adds the touch of innovation. In the single '**Needy**' **Maddie** has sung the track with all her heart. Also, the way she performs proves that she has the perfect aura to perform in front of the live audience. Apart from being a cover artist she has also composed many songs and has shared the stage with different artists like Lindsey Starling, Dragons etc.

Above all, **Maddie Wilson** needs special attention for beautifully singing ‘**Needy**’ which has become the song for the season on Spotify. She is also working on her upcoming project that is a country-pop original song. It is expected to be released by April. Don’t forget to have a look at her appealing Instagram page.
