

Mehdi Bathai, MD, Radiologist with JFK Medical Center

Get to know Radiologist Dr. Mehdi Bathai, who serves patients in Lake Worth, Florida.

New York City, Mar 19, 2019 (Issuewire.com) - Dr Bathai is affiliated with JFK Medical Center, a 486-bed facility located in Atlantis, Florida and specializing in cardiovascular care. The hospital was founded in 1966 as a community hospital and a memorial to President John F. Kennedy. It has over 500 physicians, 2200 healthcare professionals, and 300 volunteers. JFK Medical Center is committed to excellence in providing quality and compassionate healthcare services to its diverse communities. Their mission is to transform health care and be recognized as the leader of positive change.

Dr Bathai is board-certified in vascular & interventional radiology and diagnostic radiology by the American Board of Radiology (ABR). The ABR is an independent, not-for-profit organization and is one of 24 national medical specialty boards that make up the American Board of Medical Specialties (ABMS). The organization's commitments include: helping patients; providing information about the board certification process and which doctors are board certified; supporting physicians; creating programs that assist doctors in staying current in their field and improving their practices; collaborating with healthcare leaders; fostering initiatives for the promotion and monitoring of healthcare quality; transforming healthcare; as well as increasing awareness of the importance of board certification and lifelong learning in assuring quality care.

Dr Bathai is also board-certified in Nuclear Medicine by the American Board of Nuclear Medicine (ABNM). The ABNM is the primary certifying organization for nuclear medicine in the United States. The Board serves the public through assurance of high-quality patient care by establishing standards of training, initial certification, and continuing competence of physicians providing nuclear medicine diagnostic and therapeutic services.

Dr Bathai is affiliated with several hospitals in the Florida area, including Raulerson Hospital, Palms West Hospital, JFK Medical Center - North Campus, Westside Regional Medical Center, Mercy Hospital, and Northwest Medical Center.

Dr Bathai received his medical degree from Shahid Beheshti University of Medical Sciences in 1999. He completed residencies with the University of Pennsylvania Health System and the Virginia Commonwealth University Health System. He also completed his fellowship training with the Oregon Health & Science University, as well as an internship with the University of Southern California - LAC + USC Medical Center.

Radiology is a medical specialty that uses medical imaging to diagnose and treat diseases within the human body. Radiologists perform image-guided procedures but do not normally handle the general medical needs of a patient. Instead, they who uses the tools of their trade to make a diagnosis for a patient, then present the results to the patient's physician. As a radiologist, Dr Bathai specializes in the field of medical imaging. He interprets medical images such as X-rays, computed tomography (CT), magnetic resonance imaging (MRI), nuclear medicine, positron emission tomography (PET) and ultrasound. Using these images, he is trained to diagnose and treat injuries and diseases of the human body.
