

Absorbing Christian Book Reveals Truths about God

Look into the mind of a man who spent most of his life passionately seeking God

Los Angeles, Apr 7, 2019 (IssueWire.com) - Author Roan Rickard shares the spiritual perspective he gained through decades of spiritual commerce with God, studying scripture, tenaciously pursuing an understanding of Christianity which seems to be obscured by the history, doctrines, politics and sectarian strife found in most institutional Christian churches. Rickard shares spiritually discerned findings of God and the Bible in his insightful Christian book “[Understanding and Knowing God](#).”

In the book, Rickard provides compelling arguments about the existence of God. He further supports the declarations that God lives inside every believer. With this book, the author hopes to reach readers and lead them into a spiritual intimacy with God.

An Amazon reviewer shares that, “Understanding and Knowing God is an insightful and thought-provoking book. It is the most inspiring and unique theological writing to come along in many years and a must read for anyone wishing to deepen their spiritual relationship with God. It made a positive difference in my perspective on God as it surely will for all readers.”

Rickard will be having a meet-and-greet session at the [Los Angeles Times Festival of Books](#) to be held at the University of Southern California this coming April 13-14, 2019. He will be signing copies of his books at Authors Press' booth number 937. Festival goers and readers from all ages will get a chance to learn more about the author and discuss his work and inspiration in person.
