

Anna V. Durkin, DDS, General & Implant Dentist with her Private Practice

Get to know General & Implant Dentist Dr. Anna V. Durkin, who serves the population of California.

New York City, Apr 13, 2019 ([IssueWire.com](http://www.IssueWire.com)) - Dr Anna V. Durkin has all the qualities that patients want to see in a dentist: she is caring, honest, has a gentle touch, and always takes time to listen to her patients' needs and concerns. She holds expertise in general dentistry, sedation and cosmetic dentistry, wisdom teeth extraction, dental bridges, dental crowns, dental implants and more.

Dr Durkin graduated with her Doctor of Dental Surgery from the University of California, Los Angeles in 1998, giving her over two decades of experience in her field. She is bilingual and can treat patients that speak both English and Russian.

Her patients have excellent experiences with her, one stating, "I had the best experience with Dr Anna. I'm not a big fan of going to the dentist but they made me feel very comfortable. Both the doctor and the staff were very friendly, respectful, compassionate and extremely professional. Without a doubt, I recommend the centre and the professionals who work there."

General dentists provide a wide array of services that are vital to patients' continued health. These services include: preventive services — helping to maintain good oral health by stopping disease before it takes hold in the mouth; restorative services — receiving timely and appropriate treatment when a problem is identified; as well as cosmetic services — performing a range of cosmetic procedures, such as teeth whitening, cosmetic bonding - even porcelain veneers. General dentists also address overall health concerns, as oral health is seen as the mirror of general health. In fact, some dental problems may reflect issues in other parts of the body and vice versa.
