

Daniel D. Beineke, MD, Radiologist with Meadowview Regional Medical Center

Get to know Radiologist Dr. Daniel D. Beineke, who serves patients in Maysville, Kentucky.

New York City, Apr 5, 2019 ([Issuewire.com](http://www.Issuewire.com)) - Dr. Beineke is a radiologist who is affiliated with Meadowview Regional Medical Center, a 100-bed, acute care, JCAHO accredited facility located in Maysville, Kentucky. Meadowview was named one of the 100 Top Hospitals in the country five times in the past decade. The hospital remains committed to the care and improvement of human life by delivering high quality, cost effective healthcare in the communities it serves.

Dr. Beineke is affiliated with several hospitals in the area, including Fleming County Hospital, Harrison Memorial Hospital, Lake Cumberland Regional Hospital, and Paul B. Hall Regional Medical Center.

Dr. Beineke received his medical degree in 1967 from the University of Cincinnati College of Medicine in Cincinnati, Ohio. Thereafter, he went on to complete his residency in Radiology at San Antonio Uniformed Services Health Education Consortium, followed by an internship (transitional year) at San Antonio Uniformed Services Health Education Consortium.

Dr. Beineke is board-certified in Radiology by the American Board of Radiology (ABR). The ABR is an independent, not-for-profit organization and is one of 24 national medical specialty boards that make up the American Board of Medical Specialties (ABMS). The organization's commitments include helping patients; providing information about the board certification process and which doctors are board certified; supporting physicians; creating programs that assist doctors in staying current in their field and improving their practices; collaborating with healthcare leaders; fostering initiatives for the promotion and monitoring of healthcare quality; transforming healthcare; as well as increasing awareness of the importance of board certification and lifelong learning in assuring quality care.

Radiology is the medical specialty that uses medical imaging to diagnose and treat diseases within the human body. Radiologists, like Dr. Beineke are medical doctors that specialize in diagnosing and treating injuries and diseases using medical imaging (radiology) procedures (exams/tests) such as X-rays, computed tomography (CT), magnetic resonance imaging (MRI), nuclear medicine, positron emission tomography (PET) and ultrasound.
