

ExcelR- Leading training and consulting firm for students and professionals

Data Science

International Certification From Universiti Malaysia (UNIMAS)

Course Synopsis

Statistical Analysis

- Basic Statistics
- Hypothesis Testing
- Regression Analysis

Data Mining / Machine Learning

- Supervised Learning (Neural Network, etc.)
- Unsupervised Learning (Clustering, etc.)

Text Mining & Natural Language Processing

- Word Clouds
- Dendograms
- Sentimental Analysis
- Topic Extraction

Data Visualization using Tableau

- Principles of DV
- Tableau Desktop
- Tableau Server

Forecasting / Time Series

- Time Series Plot
- Forecasting Errors
- Model Driven Approaches
- Data Driven Approaches

Benefits

- Highly experienced top notch faculty from premier institutions like IIT, ISB
- 160+ hours of instructor- led training
- 100+ hours of rigorous assignments
- Mode of Training - Classroom, Online, & eLearning(self paced)
