

## **Natalya A. Lopushnyan, MD, Urologist with Greater Boston Urology**

Get to know Urologist Dr. Natalya A. Lopushnyan, who serves patients in North Easton and Dedham, Massachusetts.

## **who serves patients in North Easton and Dedham, Massachusetts.**

Dr. Lopushnyan is a urologist with a special interest in men's health, erectile dysfunction and minimally invasive surgery. Since 2014, she has been serving patients at Greater Boston Urology. Founded in 2010, Greater Boston Urology is led by some of the best urology providers in the nation. With multiple locations across Massachusetts, the integrated practice remains dedicated to providing extraordinary urology care with the highest level of patient service.

Dr. Lopushnyan is also affiliated with the University of Washington Medical Center, where she serves in the Department of Urology, whose mission is to solve the most difficult urological problems and train the next generation of surgeons and scientists.

Dr. Lopushnyan is board-certified in Urology by the American Board of Urology. The mission of the American Board of Urology is to act for the benefit of the public by establishing and maintaining standards of certification for urologists, as well as working with certified urologists to achieve lifelong learning to insure the delivery of high quality, safe and ethical urologic care.

Dr. Lopushnyan earned her Bachelor's Degree in Biochemistry from the University of Massachusetts, graduating Summa Cum Laude in just 2 years. Thereafter, she went on to obtain her medical degree from the Yale University School of Medicine, followed by an internship in the Department of Surgery at the University of Washington in Seattle. She also completed a residency in Urology at the University of Washington, during which she dedicated a significant amount of time to both clinical and basic research in the areas of erectile dysfunction and infertility.

Urology, also known as genitourinary surgery, is the branch of medicine that focuses on surgical and medical diseases of the male and female urinary-tract system and the male reproductive organs. A urologist, like Dr. Lopushnyan, is a physician who specializes in diseases of the urinary tract and the male reproductive system. Her main interests in the field include male health, erectile dysfunction, prostate surgery, benign prostatic hyperplasia (bph) surgery, kidney surgery, urethral surgery and reconstruction, laparoscopic surgery, as well as endoscopic procedures. Furthermore, she has experience providing treatment for several conditions, including benign prostatic hyperplasia, kidney stones, urinary incontinence, enlarged prostate, interstitial cystitis, stress incontinence, and urinary tract infection.
