

Sara Sameri, DDS, Dentist with Brock Starr Dental Care

Get to know Dentist Dr. Sara Sameri, who serves the population of Ontario, Canada.

New York City, Apr 12, 2019 (Issuewire.com) - Owner of Brock Starr Dental Care Dr. Sara Sameri currently practices in Ontario, Canada.

At Brock Starr Dental Care, they believe in the power of preventative care and know that taking the proper steps to avoid a disease is the best option for their patients. They focus on regular and ongoing

care to help you and your family keep your teeth and gums healthy for life. They are a full-service practice and can guide you through your dental needs from start to finish. They offer preventative care, family dentistry, periodontal care, cosmetic dentistry, implants, optional sedation, laser services, and TMD therapy. They follow the Ontario Dental Association Fee Guide to help keep your costs low. They work with all insurance companies and bill them directly, so you won't have to pay the insurance portion of your fee at the time of your treatment.

Dr. Sameri graduated with his Doctor of Dental Surgery degree from the University of Toronto. Dr. Sara Sameri holds certification in Conscious Sedation Modalities (Nitrous Oxide, Oral Sedation), Invisalign (Invisible Braces), Cardiopulmonary Resuscitation (CPR), First Aid, Basic Cardiac Life support.

To stay up to date in his field, she remains a professional member of the Academy of General Dentistry, The Canadian Dental Association, The Ontario Dental Association, The Royal College of Dental Surgeons of Ontario and the Durham region Dental Society.

When Dr. Sameri is not in the office, she enjoys yoga, biking, movies and travelling with her husband and her two kids

General dentists provide a wide array of services that are vital to patients' continued health. These services include: preventive services — helping to maintain good oral health by stopping disease before it takes hold in the mouth; restorative services — receiving timely and appropriate treatment when a problem is identified; as well as cosmetic services — performing a range of cosmetic procedures, such as teeth whitening, cosmetic bonding - even porcelain veneers. General dentists also address overall health concerns, as oral health is seen as the mirror of general health. In fact, some dental problems may reflect issues in other parts of the body and vice versa.
