

Change Your Room Ambiance by Turning on Big Mountain's Track 'Young Dread'

Listen to the excellent Reggae music by the popular band Big Mountain's track 'Young Dread'. The lines and melody in the track are captivating as well as beautiful.

San Buenaventura, Dec 31, 1969 (Issuewire.com) - The band **Big Mountain** was originally formed in San Diego as the Rainbow Warriors. Movie producer Ron Fair made an approach to **Big Mountain** about recording a cover of 'Baby, I Love Your Way' for his upcoming movie 'Reality Bites'. This band highlights two consecutive Reggae Sunsplash festivals in Jamaica at the time of

world tours which crisscrossed Europe, North and South America, Asia and Indonesia. **Big Mountain's** new track '**Young Dread**' has a great classic sounding Roots Reggae tune and is produced by Tony Ray Jacobo of the Tribal Seeds fame. The music has the touch of real traditional reggae music which is developed in Jamaica.

Big Mountain's track '**Young Dread**' has an impressive and interesting sound. Their track '**Young Dread**' is influenced by Tribal Seeds. Quino and Chizzy Chisholm's vocal performance and the way he played the guitar are driving the listeners crazy. Paul Kastick's drum beats, Goofy Campbell's along with Luis Castillo's Keyboard, Michael Ortiz's bass, and James McWhinney's percussion, and vocal work, made the track even more captivating. The track has a catchy melody that underlines the sentiments. They have recorded 11 studio album and 2 live albums. They are influenced by Bob Marley, Steel Pulse Frankie Paul, Dennis Brown and Peter Tosh.

Big Mountain's track '[Young Dread](#)' has strong melodies and unquestionable height of passion. The track has great melodic lines that make it even more captivating. However, if you are looking for their other tracks then tune to Spotify. To get more updates you need to follow them on [Facebook](#) and [Instagram](#).
