

Decline of Morality and Virtue Explored in New Book

An exposition on what went wrong with American society

"Any fool can make a rule and any fool will mind it."
- Henry David Thoreau

Stephen F. Baca

Pittsburg, May 29, 2019 (IssueWire.com) - Stephen F. Baca's [*Absurdities of the Gods of the New Morality: Virtue on the Verge*](#) discusses the role of the elitist Boomer activists in the chaos and conflicts that have besieged American society starting in the 1960s.

Stephen traces how these Boomer activists started the decline of morality and virtue in America. His study mainly concerns the absurdities, contradictions, hypocrisies, and cultural disruption in America's sociopolitical atmosphere while entering into a new era. The book's purpose is to identify and clarify the issues that created disharmony and discord in America's culture. Stephen's intention is not to critique liberals and Boomers, but the outspoken elitists who seek to demoralize the culture.

Stephen's work will be exhibited at the BookExpo + BookCon 2019, to be held at the Jacob Javits Center, New York City, this coming May 29 to 31 and June 1 and 2, 2019, at the Authors Press Booth # 1667.
