

Dr. Terre McGlothlin Voted Best Breast Cancer Doctor in Collin County, TX

Plano, May 16, 2019 (Issuewire.com) - An outstanding breast cancer doctor requires compassion and understanding in addition to professional expertise. Dr. Terre McGlothlin, the owner of [Breast Cancer Surgeons of Texas](#), has those qualities and was named by D Magazine as the Best Breast Cancer Doctor in Collin County, TX in 2018.

“Dr. Terre McGlothin really connects with her patients and that’s what separates her from other doctors,” said brand ambassador, Darth Sculpt. “No one has a better bedside manner.”

McGlothin has a long and distinguished career highlighted by graduating with honors and being inducted into the Alpha Omega Alpha Honor Medical Society. She was the first African America female trainee in the surgical training program at the University of Louisville in Kentucky.

The [breast cancer doctor](#) completed a Breast Cancer Oncology fellowship at Baylor University Dallas, the first breast-only fellowship in the nation. She’s been practicing in Dallas for 23 years and using her empathy, compassion and extensive experience to treat patients and help them deal with one of the most difficult diagnoses they may ever receive.

The practice offers a wide array of services for patients’ health and wellbeing. McGlothin provides consultations, clinical exams, diagnosis, and surgical services. The practice can provide referrals for mammogram and sonograms, and provides follow-up care for each of the practice’s patients.

The [breast cancer surgeon](#) treats all types of breast cancer and offers a variety of treatment options, along with highly specialized and advanced surgical techniques, that can be used alone or in combination with other therapies. Each treatment plan is customized to the individual, around the type of cancer, and the stage cancer has reached.

Depending on the individual, chemotherapy or radiation treatments may be prescribed. Modern treatments include hyperthermia therapy that utilizes ultrasound or microwave heat, hormonal therapy, and target specific therapies that address the characteristics of cancer cells. Holistic therapy is a whole person wellness approach that focuses on physical, mental and emotional aspects. Clinical trials are also an option.

The honor bestowed upon McGlothin by D Magazine as the 2018 Best Breast Cancer Doctor in Collin County, TX is evidenced by the high regard in which the [Dallas breast cancer doctor](#) is held by her patients. She utilizes her extensive skill as a breast cancer surgeon and combines it with a healthy dose of caring, compassion, empathy, and understanding that has made her the most highly sought breast cancer care specialist in Dallas.
