Hospital medicine in the United States is the medical specialty concerned with the care of acutely ill hospitalized patients. Physicians whose primary professional focus is caring for hospitalized patients only while they are in the hospital are called hospitalists. Family medicine (FM), formerly family practice (FP), is a medical specialty devoted to comprehensive health care for people of all ages; the specialist is called a family physician or family doctor. As a hospitalist and family physician, Dr Oshiyoye is licensed to practice medicine in West Virginia, Pennsylvania, and New Jersey.
