Furthering her education, she graduated with her Doctorate of Dental Surgery from her alma mater the University of the Pacific in 2009, giving her over a decade of

experience in her field.

Dr Leoncio's patients have excellent experiences with her, one stating, "I truly recommend Nuvo Dental to everyone who is looking for exceptional dental care. They have treated my gums and teeth with care and Dr Mercedes is one of the best dentists here in the Bay Area. She will help you gain an understanding of each dental procedure you are about to embark. Nova dental staffing is all professional and helpful in dealing with questions, scheduling and billings. I love their overall service!"

General dentists provide a wide array of services that are vital to patients' continued health. These services include: preventive services — helping to maintain good oral health by stopping disease before it takes hold in the mouth; restorative services — receiving timely and appropriate treatment when a problem is identified; as well as cosmetic services — performing a range of cosmetic procedures, such as teeth whitening, cosmetic bonding - even porcelain veneers. General dentists also address overall health concerns, as oral health is seen as the mirror of general health. In fact, some dental problems may reflect issues in other parts of the body and vice versa.
