

Mother's Grief Sparks Inspirational Transformation in New Book

Writer releases motivational memoir

Robert's Orchid

YVETTE FEURTADO

Pittsburg, May 28, 2019 (IssueWire.com) - Yvette Feurtado delves into the heartbreaking experience of losing a loved one and shares her story through her new book, [Robert's Orchid](#). Her memoir intends to inspire and help those who are seeking comfort that they may find their path again.

After the death of her son, Yvette fell into an abyss of depression caused by an overwhelming pain that seemed to break her world into a million pieces. She has never been the same since then. The author knows the endless dark days all too well that others in the same situation may feel. She understands why some would become despondent to the point where they would allow themselves to waste away. These grieving souls are the ones she wants to encourage as her book illustrates her challenging journey towards healing.

An Amazon customer shares, "This book was written by a very special lady and the mother of a friend. I hope she will continue to heal and I thank her for keeping Robert always in our hearts may God bless you Yvette and may Robert always be by your side."

Yvette's work will be exhibited at the BookExpo + BookCon 2019, to be held at the Jacob Javits Center, New York City, this coming May 29 to 31 and June 1 and 2, 2019, at the Authors Press Booth # 1667.
