

## Rhythmic Fusions Imbided in 'Trap Star' by Bineliflife Youngn is Unlike Anything Heard Before

The rhythmic blends bought forward by the hip-hop artist Bineliflife Youngn through his track 'Trap Star' have made it a famous hit everywhere. It is breathtaking.

**Fernandina Beach, Dec 31, 1969 ([Issuewire.com](http://www.Issuewire.com))** - With the many new talents stepping into the music industry **Bineliflife Youngn** is one such individual who has created an everlasting impression on the people's mind. Though being a newbie in the industry his artistic talent had been noticed by everyone through his tracks. Till now the artist had released two of his captivating compositions titled

'Intro X BineLife Youngin X BineLife GG' and '**Trap Star**'. Though both the tracks have been taken from the genre of hip-hop and rap each of its composition is poles apart from each other. The artist is also known as Malcolm Lewis Sr. to his close friends and family and is on his way to bring a positive change in the field of hip-hop through his versatile skills.

The track '[Trap Star](#)' is based on the genre of rap and hip-hop is filled with grooves and rhythmic beats from the very beginning to the end. As the track begins, the flow and the vocal delivery of the artist are hard throughout and it stands out throughout the entire track. The relentless uplifting and energised rhythmic scale is powerful and it is the underlying beats in the track that had enhanced its captivating quality for the listeners. **Bineliflife Youngn** though being new to this field has a professionalism that can hardly be seen in newbie artist. It is his creativity that makes him launch out such hit tracks for the audience.

Another appealing factor that the artist [Bineliflife Youngn](#) had made in the track '**Trap Star**' is the captivating beats that run along with the entire creation. It is memorable and groovy and at the same time. The lyrical melody of the track is personal and it can be easily understood by anyone. You can connect with this brilliant, captivating artist through his account on Soundcloud.
