

Self-Made California Upcoming Rapper Knotty is Slaying with His Hip Hop Tracks

Feel the rejuvenating power of hip hop music in the singles by California upcoming rapper Knotty. He is the one-man army for his compositions on SoundCloud gala.

Hollywood, Dec 31, 1969 (IssueWire.com) - Whether it is about the thoughtful lyrics, the eclectic music score or the rap-singing style, young and aspiring **rapper Knotty** is creating a buzz with his excellent compositions. He is from the land of stars, Hollywood and is steadily making his way to the mainstream industry with his music pieces. **Knotty** aka Henry Knotts possesses excellent song-writing skills and is responsible for the total production of his tracks. He is fiercely versatile and is upgrading his singing style with the trends. This sunny summer if you want to stay energetic round the clock, you must add the singles of Knotty to your playlist.

[California upcoming rapper Knotty](#) has been passionate about music since his childhood but five years ago he realized that his place is in the music industry. What makes Knotty different from other artists is his unique music mixing skills and his perfect approach to blend the lyrics with the music score. One of the listeners' favorite single is '[P.S. prod. by Encore](#)'. The rare voice texture and the touching lyrics set the mood for the single. For all who are seeking for their life partners must listen to this track. Another single titled 'Temptation produced by Mannymade' is all about the contemporary youth scene. This independent artist is very straightforward to put this thought into words and this is the perfect track to experience his bold approach.

Some other singles that prove **Knotty's** mastery in the art of rapping are 'Any Means Necessary' featuring Young Feba, 'No More' a heartbreak single represented in a Musical way. It is clear that it is going to move with such pace, Knotty will soon rank in the top charts. For more updates and to know about his latest events, follow Knotty on [Facebook](#), [Youtube](#) and [Instagram](#).
