Pittsburg, May 24, 2019 (IssueWire.com) - You'd think that after two million years of evolution, we'd finally get it right. But what if that wasn't the goal all along? What if we don't need to evolve to be more human, but we evolve to be *more*?

In [Souls from Mercury](#), world-renowned yogi and spiritualist Raju Ramanathan aim to teach us to achieve enlightenment by reintroducing ancient wisdom our generation has forgotten. Following the seven stages laid out in this book and meditating with mindfulness, Yogi Raju hopes to guide us to be aware of our inner vastness, letting our chakra flow freely, and finally attaining enlightenment. The question-and-answer format the book is written in is easy to follow and is applicable for both beginners and veterans of the mindful spiritual life.
