Pittsburg, May 29, 2019 (IssueWire.com) - Back when Nancy Lynne Harris was a new mother, her baby was born with congenital glaucoma. After many visits to different doctors and two eye surgeries, she was almost resigned to hopelessness—that her son would always have glaucoma. That is until she learned that pressuring forces in her own life was reflecting on her son’s eyes causing his high eye pressure. When her son was nine years old, she was able to heal him herself by causing glaucoma to vanish in ways that medical science can never hope to accomplish.

But she’s willing to teach you how she accomplished this healing now. In [*Heal Yourself of Anything*](#), Nancy details the revelations she received in identifying negative elements in one’s life, like unwanted pressure from domineering forces, which can cause a person to be ill. She guides the reader on how to realign their spiritual energy to heal themselves, to give them peace, health, and clarity.

Nancy is a shaman and spiritual healer. A graduate of the Four Winds Society, she’s claimed to have healed illnesses that are deemed incurable by medical science. She guides her patients in adjusting their attitudes from negative to positive in order to keep their bodies from being sick.

Nancy’s work will be exhibited at the BookExpo + BookCon 2019, to be held at the Jacob Javits Center, New York City, this coming May 29 to 31 and June 1 and 2, 2019, at the Authors Press Booth # 1667.
