

The Fact Pro Instagram page aims to help people with their mental health issue through their content

Miami, May 23, 2019 ([IssueWire.com](http://www.IssueWire.com)) - In the present time when meme pages are on rage on social media, it is very common that the majority of youth is following multiples meme pages for their daily dose of laughter. Meme pages have dominated the entertainment section of the internet but they don't provide anything but laughter. so we have bought you a page that is entertaining and educating as well.

"The Fact Pro" is a super popular and trendy Instagram page which shares such unique and interesting facts that is quite entertaining and informative to see on a daily basis. You might be thinking what's the big deal? there are tons of facts pages on the internet what does make this page so special right.

But here what's make this page special and better than others. The Fact Pro is one of the fastest growing pages on Instagram with more than 880,000 followers and reaches over 19 million people every week, The page has followers from all over the world from countries such as UK, USA, Canada, India, etc. which is all gained organically. These days when the internet is flooded with fake news and fake facts, "The Fact Pro" page can be your most reliable and trustworthy source of facts and trivia.

Each and every fact and information on the page is 100% authentic and true because the admin personally crosses verify every information before posting it. The idea and motive behind the page were to share informative content in such a creative and entertaining way that it provides value to the followers and increase knowledge of its followers.

The interesting fact about this page is that the founder of this page "Gopal Dutt Vashisht" is just a 20year old engineering student who took the initiative to bring value to the social media users through his page rather than just entertainment and time pass.

The Fact Pro is one of the most popular pages among youngsters from the past few years and it still continues to grow bigger. The founder Gopal Dutt aims to turn this page into a media agency in the near future and provide all kind of vital information in all other forms.

With the growth rate and popularity, the future of the page looks quite bright and this one page is sure a must follow because of its amazing content. There are not many pages these days which can guarantee you the authenticity of the news and information provided by them.
