Los Angeles, May 6, 2019 (IssueWire.com) - Blues Messenger & The Freedom Band plus Grammy Award Winning Micki Free (The Micki Free Trinity) to Headline SPECIAL BENEFIT CONCERT to Support White Bison Tragedy.

LOS ANGELES, CA. Richie Onori, drummer and co-manager of the influential 80's Glam Rock band "The Sweet," guitar-wielding frontman for his group "Blues Messenger & the Freedom Band" and Officially Appointed Ambassador for The White Bison Association announced today that a benefit concert in support of the White Bison Association will be held at The Canyon Club – Agoura Hills on May 16th. Doors open at 6 pm. Select Local Entertainers will perform from 6:30 pm till 8 pm when Headliner Show starts.

Onori, a long-term advocate and supporter of human rights causes and vocal antagonist against human rights abuses, has acted as an Ambassador for the White Bison Association for several years since the 2016 release and staging of his musical theatrical "Freedom – Rock Prophecy" which heralds a 2000-year-old Native American 'White Buffalo Prophecy' that predicts a window of opportunity when all mankind will have the chance to unify and reconcile differences and conflicts of the past.

In a recent press interview, Onori stated, "We must take immediate action since devastating fires and floods have killed a portion of this most Sacred herd. It has become a dire and urgent situation that demands our help to support these sentient beings."

Benefit concerts, fueled by "First People" supporters and other humanitarian groups are being rapidly organized in an effort to save the White Buffalo herd and assist those who care for and keep it.

"Richie has a history of supporting causes that at first glance appear to be "on the outskirts of major media and societal interest," said a source wishing to remain anonymous, "But those causes have all ended up being central issues that a lot of people really care about!"

Onori has supported numerous controversial high-level social issue actors and causes. He performed with prominent vocalist Robbie Wyckoff in support of Robert Kennedy Jr. speaking out at the Atlanta Truth Transparency & Freedom Rally in October 2016. He staged his "Freedom – Rock Prophecy" musical theatre at the famous Saban Theatre in Beverly Hills in October 2016 in support of Arts 4 Peace Awards and has performed at and supported numerous other "cause-related" events.

Onori's Blues Messenger & The Freedom Band and The Micki Free Trinity will be joined by noted performers Robbie Wyckoff, Debby Holiday, Mitch Perry, and other high-profile American and international musicians and public figures (TBA) who feel strongly that worsening societal issues must be brought under control and artists uniting to spread truth for the greater good is vital.

When asked to comment, Onori stated, "We are at a crossroads in our mutually shared journey. It is time for the people of America to come together and hold hands. We need to act before it is too late."

Editor's Note: "The White Buffalo is a sacred symbol to the indigenous First Nation peoples across North America and now the world."
