

Andreas Iyeke, BSN, RN, Registered Nurse with the Yonkers Gardens Center For Nursing and Rehab

Get to know Registered Nurse Andreas Iyeke, who serves patients in Yonkers, New York.

New York City, Jun 28, 2019 (Issuewire.com) - Andreas is a registered nurse who is currently serving patients at the Yonkers Gardens Center For Nursing and Rehab in Yonkers, New York. Where he supervises and delegates tasks to registered nurses, licensed practice nurses and nursing aides. He was recognized by the Centers for Medicare & Medicaid Services as one of the modern providers which are carefully measured and assessed to have high-quality nursing home services for promoting health

and improving the quality of life.

Andreas specializes in in-home care, which is supportive care provided in the home. Care may be provided by licensed healthcare professionals who provide medical treatment needs or by professional caregivers who provide daily assistance to ensure the activities of daily living are met.

Andreas earned his Bachelor of Science in Nursing from the College of New Rochelle in New Rochelle, New York in 2014. He is expected to complete his Master of Science and Family Nurse Practitioner program at Pace University, Pleasantville, New York in 2019. In addition, Andreas is certified in Advanced Cardiac Life Support and Basic Life Support.

Andreas is a member of the Sigma Theta Tau International Honor Society of Nursing and the Honor Society of Phi Kappa Phi. He is also the President of Bishop Ajayi Crowther Memorial College Old Student Foundation in Nigeria.

A registered nurse is a nurse who has graduated from a nursing program and met the requirements outlined by a country, state, province or similar licensing body to obtain a nursing license. In addition to the primary role in treating and caring for patients, their responsibilities also include educating patients and the public about a variety of medical conditions, as well as providing emotional support and advice to the families of their patients. Other job functions include performing diagnostic tests and analyzing results, operating medical equipment, administering medications, recording patients' symptoms and medical histories, and assisting with patient rehabilitation and follow-up.

Andreas attributes his success to God, perseverance, resilience, and focus. He bears in mind that he originally came from Nigeria and recognizes the opportunity he has received to practice medicine in the United States. Andreas is patient and likes to solve problems. He strives to achieve his optimal goal, which is to provide the best possible care for his patients.
