Bradford Emery, and her son, Dr Nicholas Emery. Emery & Scuro DMD, PC has been recognized as one of the top Rochester dental practices. Dr Scuro earned her bachelors in science degree with honours (Cum Laude) from the University of Pittsburgh before earning her Doctor of Dental Medicine (DMD) degree with academic honours from the University of Pennsylvania, where she later taught classes. Dr Scuro attributes her success to the education she has received, as well as to her commitment to continuing education courses. Dentistry is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists, like Dr. Scuro, are doctors who specialize in oral health. Their responsibilities include diagnosing oral diseases and promoting oral health and disease prevention - among others.
