

Kathleen Brown Mantaro, MD, FACP, Internist with MidHudson Regional Hospital of Westchester Medical

Get to know Internist Dr. Kathleen Brown Mantaro, who serves patients in Poughkeepsie, New York.

New York City, Jun 4, 2019 (Issuewire.com) - Dr Kathleen Brown Mantaro is an internist practising in Poughkeepsie, NY. Dr Mantaro specializes in the medical treatment of adults. Internists can act as a primary physician or a consultant to a primary physician.

They manage both common and rare diseases. Dr Mantaro provides comprehensive care and manages treatment with surgeons as well. Dr Mantaro establishes long-term relationships with her patients and incorporates disease prevention and mental health care into her practice.

Dr Mantaro graduated with her medical degree from Albany Medical College. After obtaining her medical degree, she completed her residency from Danbury Hospital. She is certified by the American Board of Internal Medicine. ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

From the state-of-the-art Center for Robotic Surgery to the healing hands of physical and occupational therapists at the Therapy Connection including Dr Mantaro, MidHudson Regional Hospital (MHRH) features the latest healing techniques and technology delivered by the most caring and compassionate staff in the world.

Their patient-centred RedI Center For Cancer Care offers people living with cancer and their families and loved ones everything they need to receive the best care close to home. And, in an emergency, whether it's a life-threatening injury or a few stitches are needed, you can turn to the top-notch staff at our Level II George T. Whalen Family Trauma Center and James J. McCann Emergency Care Center for fast and efficient treatment.

Their staff at MidHudson Regional Hospital Occupational Health program, including Dr Brown Mantaro, understands that in the workplace, employees are the number-one resource, which is why their workplace health programs are centred first and foremost on people.
