

## **Murray S. Baruch, DDS, Dentist with West Bloomfield Dentistry**

Get to know Dentist Dr. Murray S. Baruch, who serves patients in West Bloomfield, Michigan.

**New York City, Jun 27, 2019 ([IssueWire.com](http://www.IssueWire.com))** - Dr. Baruch has been improving smiles in Michigan for over 30 years. He is currently serving patients dental needs at his private dental practice, West Bloomfield Dentistry, in West Bloomfield, Michigan. There, he and his team offer comprehensive services from all fields of dentistry. In addition to high-end dental equipment, all services are provided in a comfortable, warm and friendly environment.

Dr. Baruch earned his Bachelor of Arts degree in psychology from the University of Michigan. Thereafter, he went on to earn his Doctor of Dental Surgery degree from the University of Michigan Dental School.

Dr. Baruch has made a point of continuing his education to stay abreast of new techniques and technologies in the field of dentistry. Some of the courses that he has attended include oral cancer treatment and screening, dental esthetics, dental implants, endodontics, orthodontics, prosthodontics, and pediatric dentistry. In 2002, Dr. Baruch became certified in the use of oral appliance for the treatment of sleep apnea disorders.

Dr. Baruch has been voted “Top Dentist” in Hour Detroit Magazine for the last twelve years. He is a mentor for future dentists, regularly inviting high school and university students to come observe his work and discuss dental techniques that he practices. For the last 20 years, Dr. Baruch has been volunteering at a free dental clinic in Jerusalem, Israel where he provides care to underprivileged children of all backgrounds.

Dr. Baruch is a member of the American Dental Association, Academy of General Dentistry, the Alpha Omega Dental Fraternity, and the Michigan Dental Association.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists, like Dr. Baruch, are responsible for diagnosing oral diseases, as well as promoting oral health and disease prevention. Additionally, they look for abnormalities within the mouth such as lumps, swelling or discoloration, and perform necessary diagnostic procedures to diagnose and treat these abnormalities. Dr. Baruch has adopted a natural and non-invasive approach to his dentistry practice.
