Pain medicine is a medical specialty that focuses on the evaluation, treatment, and prevention of pain. A pain management specialist, also known as a pain doctor or a pain specialist, is a medical doctor (M.D.) or doctor of osteopathy (D.O.) who specializes in pain medicine. They specialize in the management of pain as a symptom of the disease (eudynia) and primary pain disorders (maldynia). Furthermore, they treat patients who experience pain related to a specific cause (e.g., cancer pain, injury, postoperative pain) and patients who suffer pain as a primary condition (e.g., frequent headaches, neuropathic pain).

In his spare time, Dr. Mims enjoys spending time with his family, wrestling with his dog, and working in the yard. Being an avid cyclist and runner, he has completed two IronMan triathlons.
