

## 2019 Mooncake Collection with 3D design

Crowne Plaza® West Hanoi Hotel & Residences introduces the Mooncake Collection 2019 with the 3D-layering design inspired by shimmering moonlight on a starry autumn night, promised to deliver a delicate yet modern experience.

**Ha noi, Jul 17, 2019** ([Issuewire.com](http://Issuewire.com)) - Crowne Plaza® West Hanoi Hotel & Residences introduces the Mooncake Collection 2019 with the **3D design** inspired by shimmering moonlight on a starry autumn night and a wide range of both traditional and creative fillings, promised to deliver a delicate yet modern experience for this Mid-Autumn Festival.

Mid-Autumn Festival has always been a part of an enchanting childhood memory that filled up with laugh, reunion, gifts and celebration. This year, take inspiration from the iconic symbol – the Full Moon, an exquisite Mooncake collection 2019 of Crowne Plaza West Hanoi has launched to bring our dearest customers a reminiscence of the childhood. The box design harmonizes between elegance and novelty and the one-of-a-kind matte material creates a soft and characteristic feel. While the interior recreates the magic of the night sky in **three dimensions**, the outside with sophisticated cuts simulates the typical window frame, together recalling the story of a full moon gathering when we sit back with our beloved and family to enjoy the moonlight through the window with a bite of the seasonal delicacy – the mooncake.

This year, the mooncake flavour boasts a wide range from traditional fillings such as Vietnamese mixed

paste, lotus seed and best sellers like young rice, green tea to a brand new, creative stuffing as raspberry and durian. Each cake is carefully homemade by our passionate Chef and has been always famous for its balance between the pastry texture and the sweetness of the fillings. The 2019 collection offers 5 different choices of box category with the smallest option is a box of 2 and the most premium one is a box of 4 with a bottle of wine.
