

## Elizabeth Anderson, MD, Internist in private practice

Get to know Internist Dr. Elizabeth Anderson, who serves patients in Evanston, Illinois.

**New York City, Jul 23, 2019 ([Issuewire.com](http://Issuewire.com))** - Dr. Anderson is a board-certified internist who is currently serving patients at her private practice - Elizabeth Anderson, MD, SC - in Evanston, Illinois. She takes a preventive approach to care, focusing on her patients' total wellness rather than on their symptoms or disease. She provides comprehensive physical exams and manages many common health conditions that affect adults, such as diabetes and obesity. She also provides medical spa services at her practice, including vaginal revitalization, skin resurfacing, skin tightening, as well as skincare and

anti-aging treatments.

As a direct care provider, Dr. Anderson contracts with her patients, instead of insurance companies, which allows her to provide the personalized care and attention her patients need and deserve, and even makes herself available by phone and email. For patient convenience, her office has a full-service blood draw and testing center.

Dr. Anderson is affiliated with several hospitals in the Illinois area, including Glenbrook Hospital, AMITA Health Saint Francis Hospital Evanston, Evanston Hospital, Swedish Covenant Hospital, Highland Park Hospital, and NorthShore Skokie Hospital.

After earning her medical degree at Northeast Ohio Medical University in Rootstown, Dr. Anderson went on to complete her residency in internal medicine at Northwestern University in Chicago.

Dr. Anderson is a Fellow of the American College of Physicians (FACP) and a member of the American Medical Association (AMA).

Dr. Anderson is board-certified in internal medicine by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Internal medicine or general medicine is the medical specialty dealing with the prevention, diagnosis, and treatment of adult diseases. Physicians specializing in internal medicine are called internists. They manage and prevent common and complex diseases by providing comprehensive care and promoting overall wellbeing.
