

Jeff Corbett, DDS, Dental Implant Dentist with North Shore Smiles

Get to know Dental Implant Dentist Dr. Jeff Corbett, who serves patients in Lynnfield, Massachusetts.

New York City, Jul 27, 2019 (Issuewire.com) - Dr Corbett is a dental implant dentist who is currently

serving patients' dental needs at his private dental practice - North Shore Smiles - in Lynnfield, Massachusetts. Seeing as how removable dentures are known for causing pain and irritation due to movement, Dr Corbett offers his patients dental implant procedures that help just about any patient achieve their desired smile with no pain or discomfort.

In 1985, Dr Corbett graduated with his Doctor of Dental Surgery (DDS) degree from the Columbia School of Dental and Oral Surgery. Following graduation, he completed a two-year general practice residency in periodontics and prosthodontics at the University of Connecticut. After the completion of his residency, Dr Corbett moved to the Boston area to begin his practice.

In addition to his extensive schooling in all areas of dentistry, Dr Corbett continues his training with 100 to 150 hours of continuing education every year, studying all areas of dentistry, orthodontics, dental anxiety management, and smile enhancement.

Dr Corbett is an active member of his community and many dental associations, including the American Dental Association, the Massachusetts Dental Society, the American Academy of Cosmetic Dentistry, the American Academy of Pediatric Dentistry, the Clinical Foundation of Orthopedics & Orthodontics, the Mid-America Orthodontic Society, the Institute for Advanced TMJ Studies, Laser Dentistry Forum, and more.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions and perform other duties to ensure that the teeth and mouth are healthy. Dr Corbett specializes in the placement of dental implants, which are surgical components that interface with the bone of the jaw or skull to support a dental prosthesis such as a crown, bridge, denture, facial prosthesis or to act as orthodontic anchors.
