Get to know Dentist Dr. Nawar Alnoman, who serves patients in Palatine and Chicago, Illinois.

New York City, Jul 3, 2019 (Issuewire.com) - Dr Alnoman is a skilled and compassionate family dentist providing custom care solutions for patients of all ages throughout Palatine, Illinois. At his private dental practice, Dental Logic, he offers a comprehensive array of treatments for all sorts of dental and oral health issues, including root canals and other endodontics procedures, restorative dentistry treatments, crowns and bridges, dental implants, Invisalign® orthodontics, teeth whitening and other cosmetic dentistry options, as well as urgent care and emergency dentistry treatments.

As a top-ranked dentist in the Greater Chicago area, Dr Alnoman is committed to providing patient-centred care in a relaxed environment designed to ease dental anxiety. His newly-remodelled practice features a play area for children, comfortable waiting areas, and Netflix and Amazon TV in every treatment room to help patients stay comfortable and relaxed during treatment.

Dr Alnoman is also affiliated with 1st Family Dental in Chicago, Illinois. The goal of 1st Family Dental is

to provide patients with information, education, and options in a friendly and approachable way, so that they can make the best possible decisions about their family's oral health care. Dr. Alnoman believes it is important that his patients understand that prevention is the key to a healthy smile.

After earning his bachelor's degree at the University of Illinois at Chicago, Dr Alnoman earned a master's degree in molecular and cellular biology at Illinois Institute of Technology. He then went on to earn his Doctor of Dental Surgery degree from the University of Illinois at Chicago College of Dentistry. While he was in school, Dr Alnoman worked as a dental assistant and as a dental technician. In addition, Dr Alnoman is a member of the International Dental Implant Association and the Syrian Medical Society.

Dr Alnoman is a certified Invisalign® provider. Invisalign is a type of orthodontic treatment that helps to straighten teeth without the use of the typical metal braces. What Dr Alnoman loves most about his job is being able to work directly with his patients. He especially loves getting the opportunity to provide those who are anxious about seeing the dentist with an enjoyable dental experience. In his spare time, Dr Alnoman enjoys cooking and spending time with his wife and two children. He has been a resident of Chicago for the past twenty years.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists, like Dr Alnoman, are responsible for diagnosing oral diseases, as well as promoting oral health and disease prevention. Additionally, they look for abnormalities within the mouth such as lumps, swelling or discoloration, and perform necessary diagnostic procedures to diagnose and treat these abnormalities.
