

Struggle with your enemies to become the ultimate warrior

Warrior Tales Fantasy is a mobile game. the main aim of this game is to defeat enemies and collect coins.

Bangkok, Jul 17, 2019 ([IssueWire.com](http://www.IssueWire.com)) - Role Play games are nowadays on the high priority for mobile game lovers. The interesting factor of these category games makes it ideal for all regardless of their age. Every day, new games are developed & launched in the market. Recently **GAMEINDY** launches a new game called Warrior Tales Fantasy which is a role-playing game. The company reveals that this game provides the best platform for worriers.

The game reveals all about the role-playing game that reflects an interesting story-based game. This is specially developed for those users who like to become a warrior. Based on the story, this game is a complete package of a perfect RPG game. For a user, the only thing is to defeat enemies.

Features:

- Customized Team: You can easily add or remove anyone from the team. The managing of the team is totally users point.
- Honour Summoning: New avatar & skills that enable soldiers for the team.
- Unimaginable Unit: There are ranging in the skills, varieties & power. One could avail the skills & power for the ultimate fight.
- Shop: With the help of the shop option, one could easily collect treasure like gem & coin.
- Fighting: Get friends in this battle. Meet up with your friends, invite them on Facebook.
- Multi-language: The game is supporting two languages i.e. English and Thai language.
- Sound & music: The game is having sound & music that could be adjusted according to user's choice.
- Realistic Graphics: The graphics are realistic in their look.
- Advanced Button: To charge up there is 2X while to make the team relax, you can use 1 X
- Turn-based game: The game is based on turn-based. It is PVE & PVP enabled game.
- Managing team: Adding more members to the world of war.

Developers made the playing strategy as simple and interesting. They put the exploring feature through which you could explore more. One could easily explore the daily quests & events of RPG dragon. They also put interesting music that suits the game.

The winning of the game will give out 3 arena points and loosing of the battle will give 1 arena points. The developer team also put the feature of giving out rewards when the weekly tournament end. One could get the unit info for every character.

The company also told that it is safe for kids. Children could easily enjoy this game anytime or anywhere along with adults. To do a journey quest, you can collect friends also.

The game is a perfect platform to kill free time. The adventure of the game is differentiating it from the other game. The main aim of this game is to collect more & more coins while defeating the enemy. All it needs to use of skills.

Warrior Tales Fantasy is a complete package of warrior lovers. Do you want to become a great warrior? Then join your hand with this fantastic game.
