

Tumbledry opens its 4th Laundromat and Dry Clean store in Aliganj, Lucknow

Lucknow, Jul 16, 2019 ([IssueWire.com](http://www.IssueWire.com)) - After successful launches of three stores, Tumbledry, expands its network with the launch of its 4th live laundry & dry cleaning store at Aliganj, Lucknow.

Founded by IIT & IIM(A) professionals along-with industry veterans, Tumbledry is a laundry & dry-cleaning solutions startup which aims to bring ease to the life of the new age customers through a chain of live laundry & dry-cleaning stores in their close proximity.

Gaurav Nigam, Founder of Tumbledry Solutions Pvt Ltd said, “Whether you do it yourself or depend on others, laundry is an everyday challenge to be confronted on a daily basis. Doing it yourself is very time consuming & one has to go through the daily rigmarole of washing & ironing clothes with limited drying places. Outsourcing it to unorganized channels, is a considerable compromise on the wash quality & hygiene due to the inferior quality water & detergents used & mixing of your clothes with others while washing, not to mention the heavy toll it takes on the costly fabric.

Tumbledry aims to solve the laundry woes of the Indian consumers with the introduction of a world-class laundry & drycleaning solution through Tumbledry stores. Powered by American machines & global standard detergents, these quick-service live stores deliver high quality cleaning along-with doorstep pick-up & delivery.

We are extremely happy with the success of our first 3 stores in Delhi-NCR and Lucknow & very excited about the launch of our new store at Aliganj, Lucknow. A month back, We launched our first store in Lucknow in Gomti Nagar and got a fabulous response from customers. We are launching our next store in Indira Nagar shortly. With four stores live already & another 15 stores in the construction phase, we intend to have 50 live stores by Dec’19.”

Tumbledry Solutions Pvt. Ltd, is a company based out of Noida. The team is a mix of young energetic business leaders & veteran industry experts working together to revolutionize the unorganized laundry service provided by maids, dhobis & other small stores into an organized, professionally managed retail & e-commerce service.
