

K.C. Wilkins, DMD, a Dentist with Cobble Creek Dental

Get to know Dentist Dr. K.C. Wilkins, who serves patients in North Ogden, Utah.

New York City, Aug 14, 2019 ([IssueWire.com](http://www.IssueWire.com)) - Dr Wilkins is a dentist who is currently serving patients' dental needs at Cobble Creek Dental in North Ogden, Utah. "At Cobble Creek Dental, we focus on comprehensive dentistry for the entire family. From toddlers with budding primary teeth to older children, teens, adults, and the elderly, we offer comfortable, gentle care. Whether we are providing a small filling, an implant or a cosmetic smile makeover, you can rest assured that it will be done right. Your well-being is our priority and we use the latest technology and the highest-quality materials in order to ensure that your needs are met and even exceeded" as stated on the dental practice's website.

Dr Wilkins graduated summa cum laude from Southern Utah University in 2004. He then went on to graduate cum laude with his Doctor of Medicine in Dentistry degree from the prestigious Temple University School of Dentistry, the second oldest operating dental school in the United States.

While in dental school, Dr Wilkins was awarded many honours, including the Leonard C. Abrams Award for knowledge in dental anatomy and occlusion, honours from the International College of Dentists, and induction into the Omicron Kappa Upsilon Dental Honor Society.

Immediately after graduating with his Doctor of Medicine in Dentistry degree, Dr Wilkins went to work as an associate dentist in Flagstaff, Arizona. In 2008, he moved with his family to the Ogden area and began working with Dr Harris as a co-owner of Cobble Creek Dental. "I love being my own boss. I never have to feel like a pushy salesman, and I get to focus on doing what is best for the patient, rather than what is best for the shareholders of a corporation" as stated by Dr Wilkins.

Since his graduation from dental school, Dr Wilkins has spent a substantial number of hours in continuing education, earning certificates on a wide range of procedures and topics, including dental cosmetics and "smile makeovers." He also takes great pride in providing superior patient education. He is committed to helping his patients make informed decisions regarding the health and cosmetics of their teeth with the overall goal of achieving long-term health and comfort. Dr Wilkins is inspired by Stephen R. Covey's advice to "begin with the end in mind."

Dr Wilkins is a member of the American Dental Association, the Utah Dental Association, and the Weber County Dental Association. He speaks Spanish and, having lived in Brazil for two years as a missionary for The Church of Jesus Christ of Latter-day Saints, is also fluent in Portuguese.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. As a dentist, Dr Wilkins diagnoses and treats dental issues, as well as helps patients to develop better oral health regimens.

In his spare time, Dr Wilkins can be found mountain biking, hiking, and reading. He also loves spending time with his family. He and his wife, Lynette, were married in 2002. They have four children: Zachary, Miles, Violet, and Daniel.
