

Lani, the Singer of the Album 'Subway' has Mesmerized the Audience with his New Songs

Lani, the singer of the album 'Subway' is a talented singer in the genre of alternative hip hop music. The listeners are enthralled by his scintillating songs.

Seattle, Aug 16, 2019 (IssueWire.com) - **Lani**, the young male singer in the genre of alternative hip hop, has dished out some scintillating songs in his new album '**Subway**'. The singer hails from the beautiful city of California from where his journey in music started. He compares the city to a hot spring in the middle of a desert. Apart from being a fantastic singer, he is also into production. He has got his own production house and it is called JW Productions. He thinks that he is only an upcoming artist and he represents the west coast in regards to musicality. Concerning the orchestration of the song, it is done by his twin brother. The texture of his music varies from being too hard to very soft. You can log on to [Facebook](#) and [Instagram](#) and share a friendly banter with the singer. You could also plug into [Soundcloud](#) and listen to his music.

Lani in his album '[Subway](#)' has come up with some path-breaking songs like 'Subway', 'GAS GAS', 'Moving Out', 'Pop Now' which are topping the latest music charts. The songs are of very high energy right from the outset with a relentless rap flow in the backdrop of heavy electronic. The bounce in the songs is quite upbeat which has a jazz-like feel. The intensity in the pace of the song reflects in the style of vocals as well as the soundscape.

Lani in his song 'Subway' and 'Pop Now' from the album '**Subway**' has displayed his artistry with the elements of fusion that has been impressively crafted. In the songs 'GAS GAS' and 'Moving Out' from the same album there is an incredible rap flow that imbibes the rhythmic warmth into the songs. The songs overall have an uplifting nature which is very much addictive and it comes with a stunning performance from the singer.
