

Sri Lakshmi Angara, DDS, a General Dentist with Pennington Dental Care

Get to know General Dentist Dr. Sri Lakshmi, who serves patients in Pennington, New Jersey.

New York City, Aug 8, 2019 ([IssueWire.com](http://www.IssueWire.com)) - Dr Angara is a general dentist who is currently serving patients' dental needs at her private dental practice, Pennington Dental Care, located in Pennington, New Jersey. Pennington Dental Care is proud to be a state-of-the-art facility offering excellent dental services and protecting the well-being of valued patients. The practice meets and surpasses all Occupational Safety and Health Administration and the Center for Disease Control standards.

Dr Angara enjoys working in the Community Health Center in Trenton, providing dental treatment to patients in need of dental care. She also enjoys volunteering to provide dental services within her local community.

Dr Angara earned her Bachelor of Dental Surgery degree from SCB Dental College in India. Subsequently, she attended New York University College of Dentistry where she graduated with her Doctor of Dental Surgery degree in 2006. She then went on to complete her general practice residency in Tampa, Florida.

Dr Angara is committed to lifelong training as a way of offering her patients the best dental care possible. In order to provide a high standard of care, she actively participates in local seminars and completes continuing education courses. She is an active member of the Academy of General Dentistry, the New Jersey Dental Association and the Mercer County Dental Society.

Dr Angara has received several awards throughout his line of work, including Top Dentists of America by Consumer Research Council of America in 2012. Dr Angara lives in Princeton with her husband and two daughters. Her hobbies include listening to music, interior designing, gardening, volunteering, and spending time with her family. In addition to English, Dr Angara speaks Hindi, Telugu, and Oriya.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. As a general dentist, Dr Angara diagnoses treats and manages patients' overall oral health care needs, including gum care, root canals, fillings, crowns, veneers, bridges, and preventive education.
